WHEN YOU  
WISH UPON  
A STAR...

# THIS BOOK

is dedicated to Robert Hartman.

Robert D. Hartman has served National College of Education for 30 years as a member of the professional staff and administration and as an important resource to and friend of students.

Mr. Hartman joined the National College family as the College Registrar on August 1, 1957, when K. Richard Johnson was President of the College; when Baker Residence Hall and Sutherland Hall were not yet built; when the College had not yet expanded to include the Chicago or Lombard campuses; when the Field Experience Program had not yet been launched; and when teacher education was the single mission of the College. He served under four Presidents, and he celebrated both the 75th and the 100th birthdays of National College of Education.

As Director of Career Planning and Placement from 1970 to 1988, Mr. Hartman assisted thousands of students and alumni, increasing their knowledge about the world of work. Many students who gained their initial employment with Mr. Hartman's assistance later returned to avail themselves of career advancement opportunities. Employers who came to know Mr. Hartman turned to him for his help in filling open positions.

The students of National College of Education acknowledge and appreciate Mr. Hartman's tremendous contributions over the years, and in recognition dedicate this 1987-88 Yearbook to him. We also wish for him happiness, fulfillment, and a return to good health in his retirement years.

# A Message From President Orley Herron

*I congratulate every one of you — the Class of 1988 — on your accomplishment at National College, and look forward with great anticipation to the contributions you will make to our great society.*

*The National College family holds sacred the trust you placed in us to provide you with the highest quality education available. We worked hard to extend that educational opportunity to as many of you as possible. Whether you studied at one of our campuses in Chicago, Evanston or Lombard . . . our centers in St. Louis, Milwaukee or Beloit, WI., or McLean, VA . . . or at the dozens of educational sites scattered across four states . . . each of you is a beneficiary of 102 years of commitment to quality education.*

*From the time we first opened our doors in 1886, we set the standard in teacher education for the rest of the country to follow. Our School of Education graduates are among the most respected and sought after nationally. And we broke new ground under the banner of the Michael W. Louis School of Arts and Sciences by pioneering programs such as English as a Second Language in our Language Institute or Alcoholism and Substance Abuse Counseling in our Allied Health and Human Services Division.*

*All of these advances were made possible by the tireless leadership of this great institution and its high-skilled and dedicated faculty. They — along with you, our students — are the very foundation on which National College rests and grows.*

*I proudly applaud you, the Class of 1988. I am very proud of each and every one of you, and pray God's blessing on you as you leave National College for the challenges and accomplishments ahead.*

# AMNESTY WRITES FOR LIFE.

NCE'S Amnesty International chapter may be small in size, but we're big in heart. Amnesty tries to obtain the release of prisoners of conscience, those that have been detained for their beliefs, race, sex, language, religion, or ethnic origin. We do this by writing letters of protest to government officials. To date, Amnesty has helped obtain the release of about 25,000 prisoners of conscience. Other objectives of Amnesty are fair and prompt trials, and an end to torture and executions. Amnesty gained worldwide recognition in 1986 through the Conspiracy of Hope tour. Musicians such as the Police, U2, Joan Baez, Bryan Adams, and Peter Gabriel performed for free to help. Our first year at National was a busy one. Besides attending a Chicago area and Midwest Regional conferences we held bake sales, and had speakers on Nicaragua and the death penalty. We also showed **tons** of movies including **El Norte** and **The Official Story**. Most importantly we wrote letters and more letters!!

Members: Beth Arbet, Crystal Elliott, D'Ann Rice, Ravi Shankar, 2nd Row: Susan Katz, Bridget Hassan, Amy Downey.

## ***Activities and Faces***

# Halloween . . . Witch

Pumpkins, masks, and parties. This is Halloween at Baker. Creative juices flowed as the units exercised their carving abilities in a heated pumpkin carving competition. On Halloween eve, the Hall was haunted by gobs of Demonstration school monsters begging for treats. Some units conducted their own ghostly festivities.

# Was More Fun?

'Twas Halloween night, and all through the school, many creatures were mingling — even a ghoul. The STARRY night brought out many National students dressed to kill, literally. A big congrats to Kelly Reid for winning best costume!

*All dressed up and nowhere to go.*

*Jackie, Melissa ready to join the army?*

*Slice and 7-UP? Gross Janice!*

# ***HALLOWEEN IN***

# The Hallowed Halls

Lombard students really got into the Halloween spirit. Costumes included pirates, Little Red Riding Hood, a bunny, a ninja, a mouse and a farmer. The ninja (Bill Pisarra) came complete with a deadly weapon; the bunny (Kim Ekstrom) hopped off to class.

Many people take their costumes and rules seriously. Molly Gualandi was hula dancing on dance tops. Pam Kmerelo prowled around to look for unwary victims and Ashley Rathjen's "Boo" caused quite a stir!

Boo!

# WE HAD A COSMIC BASH

We danced the night away on the 5th floor wearing out the rug in our new lounge. Our stars were shimmering, rattling and rolling as we heard the mixes, the funk, the **corridos** and **rancheros**. Remember goblins and ghouls, same time next year!

# Rolling With the Stars

National's Dirty Dozen got in the groove to skate the night away at the Glenview Playdium. Everyone glided to the snappy tunes played by the D.J., while Paul and Mixay took a spin at the videorama. Tina Tabucchi, the star of the evening, fantasized that she was an Olympic Four Wheel finalist while Lorie, Angie, Cassandra, Nancy, Sam, and the rest played bouncy, bouncy with the floor. When Mr. Pizza man arrived everyone picked themselves up, dusted themselves off, and tried to devour the truck load of cheese and sausage pizzas. By the way, the van tires were a little deflated that night as the very stuffed Dirty Dozen headed home. Pizza anyone?

# DROP

Many people came out to raise money for the hungry during National's first annual dance marathon. Only two people lasted all night long. They were Kelly Reid and Kathy Trela. Kory Swanson was the D.J. all night long, a big hand to all who helped out the hungry.

# Trotting Turkeys

Wow, I won a WHOLE turkey from ARA!

Ah, yes, The Fall. Time for galloping and gobbling through the fallen leaves for National's annual Turkey Trot. The sky was gray but spirits a bright yellow as three brave and daring souls set out on foot to annihilate each other. Congrats to Janet Fischer for winning the trot this year.

# Hangin' Around . . .

(Clockwise)

Penny Poynter, Kim Ekstrom, Lillie Coleman, Betty Lundgren and Marci Delp were captured on film as they were "hangin' out." The mail boxes provide a natural gathering place as students check up on latest deadlines and news.

Students' Artwork graces the halls of the Lombard Campus. The tree above is the creation of Beth Johnson.

# LOMBARD STYLE!

Whether it's after classes in the hallway, lunch in the lounge, Marie in her office, or before Theory of Numbers class, Lombardians enjoy their "hangin' out" time.

Betty Jenik and Kathy Allemana discuss the finer points of student teaching; Sara Blomquist, Molly Gualandn and Mike Urbas "break" from Math; Laima Blazys and Amy Ashland rest before their next class; Karen Neuberger and Lori Lewis get a quick lunch.

# ADOPT A FACULTY DANCE

Every year National has the "Adopt a faculty dance." This year Pat Martin and Paul Sodders won the drawing for dinner for two at Ditka's Place. The dance was a smashing success! Everyone seemed to enjoy the Beer and of course the food.

# TROPICAL LOMBARD

It was a Say-Good-bye to Winter Luau! And boy, was it needed. Many students got into the spirit of the event, wearing brightly colored, flowered clothing. Plants from around the building were commandeered to give the lounge a tropical look. It was 27 degrees fahrenheit and snowy outside, but inside Student Senate provided a tropical haven.

Diane Dyrkacz checks out the luau set-up as a group of Lombard students ham it up for the camera.

# SKIING ON THE MILKY WAY

Over 100 people participated in the Chicago Campus' Student Advisory Board Sponsored Ski Trip. The trip was all weekend long and allowed the city folks to go to the country. Rolling hills, blue skies, swimming pools and fun, were the ingredients for the weekend. Christmas Mountain in 1989, here we come.

# FAMILY WEEKEND

*This year the committee for Family Weekend decided to go with an Olympic theme. Many competitions were planned. The weekend started off with a torch run by the Seniors on the Evanston Campus. They circled the school and lit the eternal flame of N.C.E. This flame was carried to each event of the weekend.*

*Eddie, jammin' with the boys.*

*Hey guys, he's cute.*

**Saturday morning . . .** started off a funfilled day with breakfast at President Orley Herron's home. Donna Herron, the president's wife was hostess for the morning. The weather was great and everyone was impressed with the scenery on the lake.

After the Family Weekend play, all the families were invited to Baker' Residence Hall to play "Win, Lose, or Draw."

Later on the Awards Banquet took place, awards by Student Affairs, Student Senate, and scholarships from Financial Aide were given. The 1988 May Court was announced. Following the Banquet, a Talent Show took place in which Faculty, Staff and Students participated. We had a Lip Sync from a few dirty old men and a rousing round of "Take me out to the Ballgame" by Kathy Anderson, Michael Louis and Orley Herron. Watch out Harry! In all we had fun with "live, from National. It's . . .

## Saturday Night

# AN ANNUAL FAIRWELL

*It seems to be a tradition at NCE to end Family Weekend with a goodbye picnic. In keeping with the Olympic theme we did many competitive games indoors and out. There were many games set aside for the big and little kids that showed up to end a very eventful weekend. Congrats to all that won first place ribbons. P.S. As usual in keeping with the tradition it rained.*

*So we needed to take a shower today anyway.*

# THE QUEEN OF PARTIES

BOO

Penny Party Participants

The fourth annual penny party was in full swing again this year. All residents of Baker Hall gathered up all of their loose change to buy refreshments for the evening. How could anyone forget when the police and paramedics almost shut the party down. It's a party Ravi will always remember. As usual, this is truly the Queen Mama of all Parties at N.C.E.

# The Stars Come Out For Lip Sync

*Sing it Whitney*

*Who's more embarrassed?*

*We want tips!*

The 3rd. Annual Lip Sync sponsored by the Evanston Commuter Association was once again a great success. The Lip Sync contest was first started by a commuter Lynn Evans. Since its origin, the Commuter Association has remarkably made this activity which students, faculty, staff and friends look forward to each year. Featured in our Collins Atrium were an array of stars such as Whitney Houston, Michael Jackson, and Van Halen.

# A.K.A. SISTERS

Alpha Kappa Alpha had another productive year here at National. Their dance and gospel extravaganza went very well. The pledges were all very hush, hush, once again this year as they strolled around in their pink outfits carrying their ivy plants. Oh, the life as a sorority sister.

# Holiday Party

To celebrate the holiday spirit and the end of the quarter, Lombard Student Senate threw its (now annual) holiday party. Santa visited — to the delight of small children (and not-so-small adults) in the group. Student Senate sponsored a family of eight through an Adopt-A-Family program, providing holiday dinner and a number of gifts for each member of the family. Good food and a good time was had by all!

*Mari Delp gets in line!*

*Kim Burm clowning around as Diane Dyrkocz spoons up goodies for the holiday party. What a gourmet! Kathy Allemann tries to explain something to Bill Pisarra. He's still confused!*

*Pete Fantozzi offers a holiday toast.*

# THE GATHERING PLACE

The Student Lounge in Lombard may also be known as the "Gathering Place." In-between classes, lunch-time, after school, almost any time — students escape to the lounge to relax. Around exam time, it also becomes an auxiliary study room, as students share insights and ideas about upcoming exams, or as they compare answers on tests they've just finished.

# CAMPUS CAREER FAIR

Cathy Robinson and Carolyn Bair

The Career Planning and Placement Office and the Office of Student Affairs hosted NCE's 2nd Annual Career Fair on the Chicago Campus on April 27, 1988. The day started off with a luncheon where our star seniors were able to meet the recruiters and representatives in a more informal setting. NCE President Orley Herron was on hand to welcome everyone to the Chicago Campus. Cathy Robinson, the Associate Director of Career Planning and Placement,, thanked all those administrators, faculty, students, and recruiters, for making this year's Career Fair the Biggest and most successful ever.

Afterwards, recruiters representing over 40 major companies and organizations met with our students and alumni to discuss career and employment opportunities. Over 250 students and alumni passed through the maze of tables talking, interviewing, and participating in two workshops given by Randy Bennett, Director of Field-Experience Programs. This year's students definitely were shooting for the STARS!

# THE ROOMMATE GAME

*The Annual Roommate Game was in full swing again this year. The game is modeled after the "Newlywed Game." One pair of roommates from each floor represent their unit in the finals. Three North had this year's winners.*

The editors this year have said over and over again "this year will be different. We'll be so organized, the book will be done before graduation." Isn't that special! However . . . "will we ever be done?"

The all sports banquet was a fun time for everyone. It was a welcome time for all the participants of the soccer, volleyball, basketball, and softball teams who worked hard all year long to make National shine on the map. Awards were presented to all the players by their respective coaches and special recognitions were received by those players who excelled in their particular sports. Several players were selected to All-Conference teams as well as to all area teams. Also, special recognition was received by several players by their own teammates for special leadership qualities.

For several of the players, this was their last season of competition for the Lakers. There were congratulated for a job well done by their jubilant parents, supporting faculty and many die-hard students who attended the affair. Good luck to them in their future endeavors.

The sports banquet was followed by a dance for all who attended.

# ONE NORTH

## PACE

*Baker Hall got a new twist this year. National College is the first College to try to mainstream students of special needs with regular College students. The PACE students train at College to become certified teachers aids. All are enjoying their training thus far.*

# 2 SOUTH

*Oh, come on — would we do something like that?!!!*

2 South is the “home from home,” unit. There is a certain air and quality to it that just makes you want to sit down, take off your shoes, let down your hair and RELAX. Throughout the school year you can always find a friendly face and a listening ear on 2 South just when you need it. Around the time of mid-terms and finals you are always able to find someone to sit up throughout the night and go on caffeine bends with (eh Erin, Mary and Sarah?), and if you’re lucky you’ll even find Mary rehearsing for Lyp Sync at 3:00 a.m.

During the last year 2 South has enjoyed activities such as Pizza nights, movies and cocktails as well as a superb turnout for the room-mate game with eager friends waiting to hear some well-kept confessions. Yes, 2 South truly is the unit to be in and I am sure that all of its residents will agree with that statement, let’s just keep it up in ’89!!!

*Meet Baker Hall's Angels*

# 2 NORTH

*Missy just loves 2 North*

Kristen and Rose featured in "The Great Escape of 2 North".

On April 24th, 2 North had a progressive party. Every suite had a different color theme and type of entree to prepare. The color which they picked had to show up somewhere in their entree. Every suite participated and there was quite a variety of food. It ranged from fruit and cheese to bagels to purple cones to spaghetti and Strawberry Daiquiris. At the end of the evening, everyone was stuffed but happy. What a party unit!

*How's this Bridget — do we look happy yet?*

# THREE NORTH

*Another good year for Baker Hall's well tamed unit. Ice Cream Social and school participation seemed to be the unit theme for this year.*

# Three South

Three south is definitely the unit above the rest. This unit led by Ellen, the fearless RA, engaged in many activities during the year. Starting with Win, Lose, or Draw and the Halloween Party to the annual Penny Party held in room 315 (Thanks Tuch and Rosie!). This was a party that everyone will remember for a long time (especially Ravi & Beth). Finally at the end of the year, three south had a final gathering in which the unit pictures from the past two years were hung. (It's about time, Ellen!!).

# CANDLE AND ROSE

*The Annual Candle and Rose Ceremony was a smash once again this year. Michelle Salik, junior class president, emcee'd the event and also planned it. This year's ceremony was combined with the Radiation Therapy pinning ceremony. A dance was held afterwards with the Senior Spoof Awards to kick off a fun-filled night and to end a very long year.*

# THE BIG

*National College of Education held it's one hundred-second Spring Commencement exercises on June 11, 1988. Once again, the exercises were held in the Welsh-Ryan Arena at McGaw Memorial Hall of Northwestern's campus in Evanston. National awarded six doctors of education this year. Even with the almost 1,000 graduates, the ceremony lasted only two hours.*
